

## KS1 Home Learning

Every day -

Reading for 10 minutes

Every week -

Practise counting to 100

Common exception words

Practise your letter formation

Mathletics (Year 2)

Spelling Shed (Year 2)

'Our World' and 'Weather'

These will help you with your learning about our topic this half term.

Keep a weather diary for 2 weeks. What do you notice about the weather in winter?	Design a vehicle, some clothing or a piece of equipment that could be used by a world explorer! Draw and label it. Think about what the weather would be like where they are exploring!	Build a rain gauge to help you measure rainfall. Add the amount of rainfall into your weather diary.
Look at different objects in your house. What material are they made from? Why do you think they are made from this material?	Build a house for one of the Three Little Pigs. Then write about if you think the house would still be standing after the Big Bad Wolf came.	 How is the weather today?
Create a piece of abstract art linked to previous learning.	<u>Year 2</u> Can you write a fact file about one of the seven continents.	Can you cook a traditional meal from another country?

Remember to show your teacher any work you do in your Home Learning book and send photos to the office to celebrate all the fantastic achievements throughout the term!
