## Bearwood Primary School Year 3 - End of Year Expectations MATHS

| $\begin{aligned} & \text { 品 } \\ & \sum_{1}^{0} \\ & \frac{1}{2} \end{aligned}$ | Count from 0 in multiples of 4, 8, 50 and 100; find 10 or 100 more or less than a given number |
| :---: | :---: |
|  | Recognise the place value of each digit in a three-digit number (hundreds, tens, ones) |
|  | Compare and order numbers up to 1000 |
|  | Identify, represent and estimate numbers using different representations |
|  | Read and write numbers up to 1000 in numerals and in words |
|  | Solve number problems and practical problems involving these ideas |
| $\begin{aligned} & \text { z } \\ & \frac{0}{1} \\ & \frac{1}{4} \\ & \frac{0}{4} \end{aligned}$ | Add and subtract numbers mentally, including: a three-digit number and ones; a three-digit number and tens; a three-digit number andhundreds |
|  | Add and subtract numbers with up to three digits, using formalwritten methods of columnar addition and subtraction |
|  | Estimate the answer to a calculation and use inverse operations tocheck answers |
|  | Solve problems, including missing number problems, using number facts, place value, and more complex addition and subtraction |
|  | Recall and use multiplication and division facts for the 3,4 and 8 multiplication tables |
|  | Write and calculate mathematical statements for multiplication and division using the multiplication tables that they know, including for two-digit numbers times one-digit numbers, using mental and progressing to formal written methods |
|  | Solve problems, including missing number problems, involvingmultiplication and division, including integer scaling problems and correspondence problems in which n objects are connected to mobjects |
|  | Interpret and present data using bar charts, pictograms and tables |
|  | Solve one-step and two-step questions such as ‘How many more?’ and 'How many fewer?’ using information presented in scaled bar charts and pictograms and tables |
|  | Measure, compare, add and subtract: lengths ( $\mathrm{m} / \mathrm{cm} / \mathrm{mm}$ ); mass ( $\mathrm{kg} / \mathrm{g}$ ); volume/capacity ( $1 / \mathrm{ml}$ ) |
|  | Measure the perimeter of simple 2-D shapes |
|  | Add and subtract amounts of money to give change, using both $£$ and pin practical contexts |
|  | Tell and write the time from an analogue clock, including using Roman numerals from I to XII, and 12-hour and 24 -hour clocks |
|  | Estimate and read time with increasing accuracy to the nearest minute; record and compare time in terms of seconds, minutes, hours and o'clock; use vocabulary such as a.m./p.m., morning, afternoon, noon and midnight |
|  | Know the number of seconds in a minute and the number of days ineach month, year and leap year |
|  | Compare durations of events, for example to calculate the time taken by particular events or tasks |

|  | Count up and down in tenths; recognise that tenths arise from dividing an object into 10 equal parts and in dividing one-digit numbers or quantities by 10 |
| :---: | :---: |
|  | Recognise, find and write fractions of a discrete set of objects: unit fractions and non-unit fractions with small denominators |
|  | Recognise and use fractions as numbers: unit fractions and non-unit fractions with small denominators |
|  | Recognise and show, using diagrams, equivalent fractions withsmall denominators |
|  | Add and subtract fractions with the same denominator within one whole |
|  | Compare and order unit fractions, and fractions with the samedenominators |
|  | Solve problems that involve all of the above |
| $\begin{aligned} & \text { 足 } \\ & \stackrel{y}{山} \\ & \sum_{0}^{\mathrm{u}} \end{aligned}$ | Draw 2-D shapes and make 3-D shapes using modelling materials; recognise 3-D shapes in different orientations and describe them |
|  | Recognise that angles are a property of shape or a description of aturn |
|  | Identify right angles, recognise that two right angles make a half-turn, three make three quarters of a turn and four a complete turn; identify whether angles are greater than or less than a right angle |
|  | Identify horizontal and vertical lines and pairs of perpendicular andparallel lines |
|  | Begin to organise their work and check their results |
|  | Discuss their mathematical work and begin to explain theirthinking |
|  | Use and interpret mathematical symbols and diagrams |
|  | Understand a general statement by finding particular examples that matchit |
|  | Review their work and reasoning |
